Dear Investor,

On behalf of the Board of Directors, I am pleased to present **Alhamra Cash Management Optimizer** (Fund launched on May 23, 2023) accounts review for the year ended June 30, 2023.

ECONOMY AND MONEY MARKET REVIEW

The fiscal year 2023 (FY23) remained a difficult year for Pakistan as it faced multiple macroeconomic challenges. The 2022 monsoon floods caused significant damage to infrastructure, crops, and livestock, as well as loss of precious lives. The global commodity prices and currency devaluation ushered a wave of inflation never seen since 1974, leading to all time high interest rates. The IMF program remained elusive throughout the latter half of fiscal year which became extremely challenging for the government facing both political and economic difficulties.

The county's external position remained precarious with SBP's foreign exchange reserves declining to USD 4.5 billion as of 30 Jun 23 (mere import cover of 3 weeks) compared to USD 9.8 billion at the start of the fiscal year. Albeit with some delay and reluctance, the government took several politically unpopular steps such as raising energy tariffs, letting PKR depreciate, slapping additional taxes and raising interest rates as per IMF's demands. However, IMF's Staff Level Agreement (SLA) of IMF 9th review eluded throughout the year as the IMF and government were unable to reach a consensus. The delay in the IMF program led to a slowdown in foreign flows from bilateral and multilateral partners leading to erosion in reserves. As a result, the currency remained under severe pressure, with dollar appreciating by 40% in FY23 to close at 286.0 near to its all-time high level.

The country posted a current account deficit (CAD) of USD 2.9 billion in first eleven months of the fiscal year 2023 (11MFY23) declining by 81% YoY compared to a deficit of USD 15.2 billion in the corresponding period last year. Narrowing trade deficit was the major contributor towards improving CAD as a 12.2% decrease in exports coupled with a 23.9% drop in imports led to a 33.8% contraction in the trade deficit. The government kept a lid on imports through administrative measures by imposing import quotas on selective imports. However, these steps led to an increase in smuggling activity which diverted remittances towards grey channels. Furthermore, the tight leash on imports caused shortages across various industries impacted overall economic growth.

Headline inflation represented by CPI averaged 29.0% during FY23 compared to 12.1% in the corresponding period last year. Higher food prices coupled with rising electricity, gas and petroleum prices were the major contributors towards the jump in CPI. The inflationary pressures were broad based, which is depicted by core inflation increasing to 21.2% compared to 12.3% at the end of last fiscal year. SBP has increased interest rates by 1.0% to 22% in an emergent MPS in Jun-23 to push the real interest rate in positive territory on a forward-looking basis and anchor inflation expectations.

The country's provisional GDP growth clocked at 0.29% in FY23 with Agricultural and Services sector increasing by 1.6% and 0.9%, respectively, while industrial sector witnessed a drop of 2.9%. Historic high interest rates coupled with import restrictions were the major culprits behind the fall in industrial output. On the fiscal side, FBR tax collection increased by 16.4% in FY23 to PKR 7,154 billion compared to PKR 6,149 billion in the same period last year but missed the target by PKR 486 billion.

Secondary markets yields increased in FY23 on account of monetary tightening and bout of inflationary pressures post a massive currency devaluation. The 3,6 and 12 Month T-Bills yield increased by 767, 772 and 763 basis points (bps) respectively while 3,5 and 10 Years Bond yields rose by 602, 315 and 240bps respectively during FY23.

FUND PERFORMANCE

During the period under review, the fund generated a year-to-date return of 18.49% as against its benchmark return of 7.06%, generated an alpha of 11.43%. WAM of the fund was 2 days at June end. The

fund was 90.6% invested in Cash and 7.8% in Shariah Compliant Placement with Banks & DFIs as of June end. The Net Assets of the Fund as at June 30, 2023 stood at Rs. 4,338 million. The Net Asset Value (NAV) per unit as at June 30, 2023 was Rs. 100.2052 as compared to opening NAV of Rs. 100 at its inception registering an increase of Rs. 0.2052 per unit.

ECONOMY & MARKET – FUTURE OUTLOOK

International Monetary Fund (IMF) and Pakistan have struck a staff-level agreement for the provision of USD 3 billion in bailout funds under a stand-by arrangement (SBA). The program is set to span nine months, and the IMF board approval of the SBA will unlock an immediate disbursement of USD 1.2bn, with the remaining USD 1.8bn scheduled after reviews in Nov-23 and Feb-24.

The new program comes at a critical time when Pakistan is grappling with a severe balance of payments crisis. The successful resumption of the IMF program will help Pakistan to unlock funding from bilateral and multilateral sources helping in rebuilding foreign exchange reserves. Saudi Arabia and UAE have already pledged USD 2bn and USD 1bn respectively which were contingent on the resumption of IMF program, out of which USD 2 billion from KSA has already been received in July 2023. China is also expected to provide USD 2.0 billion with the Chinese commercial banks providing additional USD 1.5 billion. In addition, the IMF program will also help Pakistan to access concessionary financing from World Bank and other multilateral agencies. This has averted the risk of near term default and we expect currency to remain stable in the near term.

We expect Average FY24 inflation to ease to 19.3% compared to 29.0% in FY23 as the base effect will come into play. Inflation is expected to follow a downward trajectory and the buildup of forex reserves during the period may allow a monetary easing cycle in the quarter ending Dec-23. We expect a cumulative easing of around 6% in the next 12 months, however, its pace and timing would be determined by trend in FX reserves.

From the capital market perspective particularly equities, the market is trading at cheap valuations. Market cap to GDP ratio has declined to 7.5%, a discount of 62% from its historical average of 19.7%. Similarly, Earning Yield minus Risk Free Rate is close to 6.0%, compared to the historical average of 2.7% signifying a deep discount at which the market is trading. The resolution of challenges on external account will help to unlock market potential. We believe a micro view of sectors and stocks will remain important and investment selection should focus on companies which trade at a deep discount to their intrinsic value. The market is currently trading at PER of 4.7x, while offering a dividend yield of 11.8%.

For debt holders, we expect Money Market Funds to continue to seamlessly mirror policy rates throughout the year. We would continue to monitor the data points and capitalize on opportunities to add government bonds in Income Funds at attractive rates to benefit from the expected monetary easing in the medium term.

MUTUAL FUND INDUSTRY REVIEW

The Net Assets of the open end mutual funds industry increased by about 28.9% during FY23 to PKR 1,564 billion. Total money market funds grew by about 34.4% since June 2022. Within the money market sphere, conventional funds showed a growth of 6.1% to PKR 473 billion while Islamic funds increased by 90.4% to PKR 429 billion. In addition, the total fixed Income funds increased by about 23.7% since June 2022 to PKR 369 billion. Equity and related funds declined by 27% to PKR 168 billion as concern over macroeconomic factors kept investors at bay.

In terms of the segment share, Money Market funds were the leader with a share of around 57.7%, followed by Income funds with 23.6% and Equity and Equity related funds having a share of 10.7% as at the end of FY23.

MUTUAL FUND INDUSTRY OUTLOOK

The current interest rates would encourage higher flows in the money market funds as they are ideal for investors with a short term horizon and low risk profile. However, external concerns have eased post agreement with IMF and the long term investors may look to add equity exposure at these highly attractive levels. Our operations remained seamless and given our competitive edge in digital access and online customer experience, we are prepared to get benefits of the growing number of investors available online.

MANAGEMENT COMPANY

The fund is managed by MCB-Arif Habib Savings & Investments Limited which is the subsidiary of MCB Bank Limited. On April 18, 2023, MCB Bank Limited (MCB) has acquired 21,664,167 (30.09%) shares from Arif Habib Corporation Limited (AHCL) resulting an increase in shareholding from 36,956,768 (51.33%) shares to 58,620,935 (81.42%) and AHCL no longer holds any shares in MCB-AH.

Consequently, the members of the Company in an Extra Ordinary General Meeting (EOGM) held on July 07, 2023 have resolved via special resolution that the name of the name be changed from MCB-Arif Habib Savings and Investments Limited to MCB Investment Management Limited and a formal request for change of name has been forwarded to the Securities and Exchange Commission of Pakistan (SECP) for its approval.

معیشت اور بازار - مستقبل کامنظرنامه

انفریشنل مانیٹری فنڈ (آئی ایم ایف) اور پاکستان کے درمیان ایک اسٹاف لیول معاہدہ طے پایا ہے جس کے مطابق ایک اسٹینڈ بائی اگر بہنٹ (SBA) کے تحت 3 بلین ڈالرفراہم کیے جا کیں گے۔ یہ پروگرام نو ماہ پرمجیط ہے، اورآئی ایم ایف کی طرف سے SBA کی منظوری سے 1.2 بلین ڈالرفوری طور پرفراہم کردیتے جا کیں گے، جبکہ بقیہ 1.8 بلین ڈالرکی فراہمی نومبر 2023 ، اورفر وری کا منظوری سے بائزوں کے بعد طے کی گئی ہے۔ یہ پروگرام ایک اہم موڑ پر طے پایا ہے جب پاکستان اوائیگیوں کے توازن کے تھین برگران سے نیروآ زما ہے۔ آئی ایم ایف پروگرام کی کا میاب بحال سے پاکستان کو باہمی اور کیٹر الجہتی ڈرائع سے قم کے حصول میں مدد مطے گی جس کی بدولت زیمبادلہ کے ذخائر بھی بحال ہوں گے۔ سعودی عرب نے 2 بلین ڈالراور متحدہ عرب امارات نے 1 بلین ڈالر جولائی گرے کا وعدہ کیا تھا جو آئی ایم ایف پروگرام کی بحالی پرمشروط تھا۔ اس میں سے سعودی عرب کی طرف سے 2 بلین ڈالر جولائی دالر جولائی اللہ میں موصول ہو بھے ہیں۔ چین کی طرف سے بھی 20 بلین ڈالر، اور چینی کمرشل چیکوں کی طرف سے اضافی 1.5 بلین ڈالر، اور چینی کمرشل چیکوں کی طرف سے اضافی 1.5 بلین ڈالر، اور چینی کمرشل چیکوں کی طرف سے اضافی 1.5 بلین ڈالر، اور چینی کمرشل چیکوں کی طرف سے اضافی 1.5 بلین ڈالر، اور چینی کمرشل چیکوں کی طرف سے اضافی 1.5 بلین ڈالر، اور چینی کمرشل چیکوں کی طرف سے اضافی 1.5 بلین ڈالر، اور چینی کمرشل چیکوں کی طرف سے اضافی 1.5 بلین ڈالر، اور چینی کمرشل چیکوں کی طرف سے اضافی 1.5 بلین ڈالر، اور چینی کمرشل چیکوں کی طرف سے اضافی 1.5 بلین ڈالر، اور چینی کمرشل چیکوں کی طرف سے اضافی 1.5 بلین ڈالر، اور چینی کمرشل چیکوں کی طرف سے اسٹانی ڈالر، اور پی کی کی اسٹور کی کورٹ سے اسٹانی ڈالر، اور پیکوں کی کورٹ سے اسٹانی ڈالر، اور پیکوں کی کورٹ سے ایک کی کورٹ سے دور کی کورٹ سے کی کورٹ سے بھی 1.5 بلین ڈالر، اور پیٹی کی کر کی کورٹ سے اسٹانی ڈالر، اور پیکوں کی کورٹ سے دور کورٹ سے کورٹ سے کورٹ سے کی کورٹ سے دور کی کورٹ سے کی کورٹ سے کورٹ سے کورٹ سے کی کورٹ سے کورٹ سے کورٹ سے کورٹ کی کورٹ سے کورٹ کی کورٹ سے کورٹ سے کورٹ سے کی کورٹ سے کورٹ سے کورٹ سے کورٹ سے کورٹ سے کورٹ سے کی کورٹ سے کورٹ سے

عزيز سرماييكار

بورة آف دُائر يكثرز كى جانب سے الحمراء كيش مينجنث آپئيمائزر (فندُ آغاز كرده 23 منى 2023ء) كے اكا وَنش كا جائزه برائے سال مختصمه 30 جون 2023ء پیش خدمت ہے۔

معيشت اور بإزار زركاجائزه

مالی سال 2023ء پاکستان کے لیے مشکل سال تھا کیونکہ متعدد مجموعی معاشی مسائل در پیش رہے۔ 2022ء کے مون سُون سیا ہوں نے بنیادی ساخت بفسلوں اور مویشیوں کو بہت نقصان پہنچا یا اور قیمتی جانیں بھی ضائع ہوئیں۔ عالمی سطح پراشیاء کی قیمتوں بیں اضافے اور کرنسی کی قدر میں کی کے باعث مبنگائی کی الیمی لہرآئی جو 1974ء کے بعد سب سے بڑی تھی اور اس کے بنتیج بیں سُود کی شرحیں بلندترین سطح پر پہنچ گئیں۔ آئی ایم ایف پروگرام کا آغاز مالی سال کے نصف آخر کے دوران غیر بیٹینی رہاجس کے باعث سیاسی اور معاشی مسائل سے دو چار محکومت کے لیے تھین مشکلات پیدا ہو گئیں۔

مُلک کی خارجی صورتحال غیر بقینی رہی کیونکہ ایس بی پی کے زرمبادلہ کے ذخائر کم ہوکر 30 جون 2023 مکو 4.5 بلٹین ڈالررہ گئے (جوصرف 3 ہفتوں کا درآ مداتی cover ہے) جبکہ مالی سال کے آغاز میں 9.8 بلٹین ڈالر تھے۔

حکومت نے متعدد سیاسی ناپندیدہ قدامات اُٹھائے ، اگر چہ پچھتا خیر اور پچکچاہٹ کے ساتھ ، مثلاً بجکی اور گیس کی قیمتوں میں اضافہ کیا ، روپے کی قدر میں کمی ہونے وی ، اضافی ٹیکس عائد کیے اور سُو د کی شرحوں کو آئی ایم ایف کے مطالبات کے مطابق بڑھا دیا۔ تاہم آئی ایم ایف کے نویں (9th) جائزے کا اسٹاف لیول اگر بہنٹ (SLA) سال بجر غیر بھینی رہا کیونکہ آئی ایم ایف اور حکومت کے درمیان اتفاق نہیں ہوسکا۔ آئی ایم ایف پروگرام میں تاخیر کے باعث باہمی اور کیٹر الجہتی شراکت داروں سے غیر مُلکی آمد ورفت میں سستی آئی جس کے باعث ذخائر کم ہوئے۔ اس کے متیج میں روپہ سے گلین دباؤ کا شکار رہا اور مالی سال 2023ء میں ڈالر کی قدر 40 فیصد بڑھ کر 286.0 روپے ہوگئی جواس کی بلندر میں طرح کے ترب ہے۔

ملک کا کرنٹ اکاؤنٹ خیارہ (CAD) مالی سال 2023ء کے پہلے گیارہ ماہ میں 2.9 بلین ڈالرتھا، جبکہ گزشتہ سال مماثل مذت میں 15.2 بلین ڈالرتھا، یعنی 81 فیصد سال در سال (۲۵۷) کی ہوئی۔ CAD میں کی کی سب ہے بڑی وجہ کاروباری خیارے میں کی ہے۔ برآ مدات میں 12.2 فیصد کی اور درآ مدات میں 23.9 فیصد کی کی بدولت کاروباری خیارے میں 33.8 فیصد کی ہوئی۔ حکومت نے منتخب درآ مدات پر درآ مداتی کوٹے عائد کر کے انتظامی اقد امات کے ذریعے درآ مدات کو قابو میں رکھا۔ تاہم ان اقد امات سے غیر قانونی درآ مدات (اسمگلنگ) میں اضافہ ہوا جس کے باعث ترسیلاتِ زرمشتبہ ذرائع کی طرف مائل ہوگئیں۔ علاوہ ازیں، درآ مدات پر مضبوط لگام کے نتیجے میں متعدد صنعتوں میں کی واقع ہوئی اور مجموعی معاشی ترتی متاثر ہوئی۔

میڈلائن مہنگائی، جس کی ترجمانی CPI یعنی صارفی قیت کے انڈیکس ہے ہوتی ہے، کا اوسط مالی سال 2023ء کے دوران 29.0 فیصد تفاجکہ گزشتہ سال مماثل مذت میں 12.1 فیصد تفاد اشیائے خوردونوش کی قیمتوں میں اضافے کے ساتھ ساتھ بکلی میس اور پٹرول کی ہوستی ہوئی قیمتیں CPI میں اضافے کے وامل ہے۔ مہنگائی کے دباؤوسیج پیانے پرمحیط تھے جس کا اظہار بنیادی مہنگائی میں 21.2 فیصد کی سطح تک اضافے ہے ہوا جو گزشتہ مالی سال کے اختتام پر 12.3 فیصد تفاد ایس بی پی نے جون 2023ء کی تازہ ترین MPS

INDEPENDENT AUDITOR'S REPORT

To The Unit Holders of Alhamra Cash Management Optimizer

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Alhamra Cash Management Optimizer (the Fund), which comprise the statement of assets and liabilities as at June 30, 2023, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and statement of cash flows for the period from May 23, 2023 to June 30, 2023 (the period) and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2023, and of its financial performance and its cash flows for the period then ended in accordance with accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund and MCB Arif Habib Savings and investments Limited (the Fund Manager) in accordance with the international Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) as adopted by the Institute of Chartered Accountants of Pakistan together with the ethical requirements that are relevant to our audit of the financial statements in Pakistan, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Financial Statements and Auditor's Report Thereon

Management Company is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Independent Correspondent Fronto. Delaitte Youche Yohnston Limited

INDEPENDENT AUDITOR'S REPORT TO THE UNIT HOLDERS

Vousurf Adil Chartered Accountants

Responsibilities of Management Company and Board of Directors of the Management Company for the Financial

Management Company is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as the Management Company determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management Company is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management Company either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of Directors of the Management Company are responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Management Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management Company.
- Conclude on the appropriateness of Management Company's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with Board of Directors of the Management Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

1. LEGAL STATUS AND NATURE OF BUSINESS

- Alhamra Cash Management Optimizer (the Fund only) has been established through the Trust Deed (the Deed) dated 16th day of March, 2023 under the Sindh Act, 2020 entered into and between MCB-Arif Habib Savings and Investments Limited, the Management Company, and Central Depository Company of Pakistan Limited, the Trustee and is authorised under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the "Rules") and Non-Banking Finance Companies and Notified Entities Regulations, 2008 ("Regulations"). The Securities and Exchange Commission of Pakistan (SECP) has authorised the offer of Units of Alhamra Cash Management Optimizer (ALH CMOP) and has registered ALH CMOP as a notified entity under the NBFC Regulations, vide letter No SCD/AMCW/LALHCMOP/2023/MF-NE-107 dated April 04, 2023. SECP has approved this Offering Document under the Regulations vides its Letter No. SCD/ALHCMOP/2023-301 dated April 28, 2023.
- 1.2 The Management Company of the Fund has been licensed to act as an Asset Management Company under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules) through a certificate of registration issued by the SECP. The registered office of the Management Company is situated at 2nd Floor, Adamjee House, I.I. Chundrigar Road, Karachi, Pakistan.
- 1.3 On April 18, 2023, MCB Bank Limited (MCB) has acquired 21,664,167 (30.09%) shares of MCB Arif Habib Savings & Investment Limited (MCB-AH) from Arif Habib Corporation Limited (AHCL). By virtue of this transaction MCB Bank Limited's shareholding in MCB-AH has increased from 36,956,768 (51.33%) shares to 58,620,935 (81.42%) and AHCL no longer holds any shares in MCB-AH. The Board of Directors of the Management Company has passed a resolution in 188th BOD meeting held on May 2, 2023 for the change of name of the Management Company from "MCB-Arif Habib Savings and Investment Limited" to "MCB Investment Management Limited". The Securities and Exchange Commission of Pakistan has also given approval on the Memorandum of Association regarding the Change of Name. The Change of Name of the Management Company has also been approved in the Extra Ordinary General Meeting (EOGM) held on July, 07, 2023 by the Share Holders representing 89.01% Shareholding. After the conclusion of EOGM, the Management Company has applied to the registrar for the alteration in Memorandum and Article of Association and performing all the legal formalities incidental thereto.
- 1.4 The fund has been duly registered through the Trust Deed under section 16 of the Sindh Act, on March 16, 2023.
- 1.5 Alhamra Cash Management Optimizer is an Open-ended Shariah Compliant Money Market Scheme which primarily invests in Shariah Compliant Investments. The Fund shall be subject to such exposure limits as are specified in the Rules, the Regulations and directives and circulars issued by SECP from time to time.
- 1.6 The Objective of the Fund is to provide a competitive rate of return by investing primarily in liquid Shariah Compliant money market securities
- 1.7 The Pakistan Credit Rating Agency Limited (PACRA) has maintained asset manager rating of AM1 dated October 06, 2022 to the Management Company and the stability rating of AA+(f) to the Fund dated June 16, 2023.
- 1.8 Title to the assets of the Fund is held in the name of the Central Depository Company of Pakistan Limited as the Trustee of the Fund.

2. BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;

- Provisions of and directives issued under the Companies Act, 2017, along with part VIIIA of the repealed Companies Ordinance, 1984; and
- the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and the requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

Financial assets at fair value through profit or loss (debt instruments)

Debt instruments that do not meet the amortised cost criteria or the FVOCI criteria are classified as at fair value through profit or loss (FVTPL). In addition, debt instruments that meet either the amortised cost criteria or FVOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency (so called 'accounting mismatch') that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

3.1.1.2 Fair value measurement principles

The fair value of financial instruments is determined as follows:

Basis of valuation of government securities:

The government securities not listed on a stock exchange and traded in the interbank market are valued at the average rates quoted on a widely used electronic quotation system (PKISRV rates) which are based on the remaining tenor of the securities.

Basis of valuation of debt securities:

The fair value of debt securities (other than government securities) is based on the value determined and announced by Mutual Funds association of Pakistan (MUFAP) in accordance with the criteria laid down in Circular No. 1 of 2009 and Circular No. 33 of 2012 issued by Securities and Exchange Commission of Pakistan (SECP). In the determination of the rates, MUFAP takes into account the holding pattern of these securities and categorises them as traded, thinly traded and non-traded securities. The aforementioned circular also specifies the valuation process to be followed for each category as well as the criteria for the provisioning of non-performing debt securities.

3.1.1.3 Impairment of financial assets

The Management Company assesses at each reporting date whether there is objective evidence that the Fund's financial assets or a group of financial assets are impaired. If any such indication exists, the recoverable amount of such assets is estimated. An impairment loss is recognised whenever the carrying value of an asset exceeds its recoverable amount.

The SECP/Commission has through its letter no. SCD/AMCW/RS/MUFAP/2017-148 dated November 21, 2017 has deferred the applicability of the impairment requirements of IFRS 9 for debt securities on mutual funds. Therefore, the Fund will not be subject to the impairment provisions of IFRS 9.

For financial assets other than debt securities measured at amortised cost, IFRS 9 requires recognition of impairment based on expected credit loss (ECL) model. Under IFRS 9, the Fund is required to measure loss allowance equal to an amount equal to lifetime ECL or 12 months ECL based on credit risk.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Fund considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Fund's historical experience and informed credit assessment and including forward-looking information.

However, majority of the assets of the Fund exposed to credit risk pertain to counter parties which have high credit rating or where credit risk has not been increased since initial recognition. Therefore, management believes that the impact of ECL would be very minimal and hence, the same has not been accounted for in these financial statements.

3.1.1.4 Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e., removed from the Fund's statement of assets and liabilities) when:

- the rights to receive cash flows from the asset have expired; or
- the Fund has transferred its rights to receive cash flows from the asset and substantially all the risks and rewards of the asset;

2.2 New amendments that are not yet effective

The following amendments are only effective for accounting periods, beginning on or after the date mentioned against each of them. These amendments are either not relevant to the Fund's operations or are not expected to have significant impact on the Fund's financial statements other than certain additional disclosures.

Effective from accounting period beginning on or after:

Amendments to IAS 1 'Presentation of Financial Statements' - Classification of liabilities as current or non-current`	January 01, 2023
Amendments to IAS 1 'Presentation of Financial Statements' - Classification of liabilities as current or non-current'	January 01, 2023
Amendments to IAS 1 'Presentation of Financial Statements' - Disclosure of accounting policies	January 01, 2023
Amendments to IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors' - Definition of accounting estimates	January 01, 2023
Amendments to 'IAS 12 Income Taxes' - deferred tax related to assets and liabilities arising from a single transaction.	January 01, 2023
Amendments to 'IAS 12 Income Taxes' - International Tax Reform — Pillar Two Model Rules	January 01, 2024
Amendments to IFRS 16 ' Leases' -Lease Liability in a Sale and Leaseback	January 01, 2024
Amendments to IAS 1 'Presentation of Financial Statements' - Non-current Liabilities with Covenants	January 01, 2024
Amendments to IAS 7 'Statement of Cash Flows' and IFRS 7 'Financial Instruments : Disclosures' - Supplier Finance Arrangements	January 01, 2024

Amendments to IFRS 10 and 28 - Sale or Contribution of Assets between an Investor and its Associate or Joint Venture

Deferred indefinitely

Other than the aforesaid standards, interpretations and amendments, the International Accounting Standards Board (IASB) has also issued the following standards which have not been adopted locally by the Securities and Exchange Commission of Pakistan:

- IFRS 1 First Time Adoption of International Financial Reporting Standards
- IFRS 17 Insurance Contracts

2.3 Critical accounting estimates and judgements

The preparation of the financial statements in conformity with the accounting and reporting standards as applicable in Pakistan requires the management to make estimates, judgements and assumptions that affect the reported amounts of assets and liabilities, income and expenses. It also requires the management to exercise judgment in the application of its accounting policies. The estimates, judgments and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. These estimates and underlying assumptions are reviewed on an ongoing basis.

The areas involving a degree of judgment or complexity, or areas where estimates and assumptions are significant to the financial statements are as follows:

- Classification and valuation of financial assets (notes 3.1.1.1)
- Impairment of financial assets (note 3.1.1.3)
- Taxation (notes 3.4 and 10)
- Classification and measurement of financial liabilities note 3.1.2.1)
- Contingencies and commitments (note 12)

Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

2.4 Basis of measurement

These financial statements have been prepared under the historical cost convention, except for certain investments which are stated at fair value.

2.5 Functional and presentation currency

Items included in these financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistan Rupees which is the Fund's functional and presentation currency. Amounts presented in the financial statements have been rounded off to the nearest thousand rupees, unless otherwise stated.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies set out below have been applied consistently through out the period in these financial statements.

3.1 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognised in the Fund's statement of assets and liabilities when the Fund becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the income statement.

3.1.1 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

3.1.1.1 Classification and measurement of financial assets

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the entity's business model for managing them.

All recognised financial assets are measured subsequently in their entirety at either amortised cost or fair value, depending on the classification of the financial assets. For purposes of subsequent measurement, financial assets are classified in following categories:

Financial assets at amortised cost (debt instruments)

Financial assets at amortised cost are subsequently measured using the effective interest rate (EIR) method and are subject to impairment. Gains and losses are recognised in the income statement when the asset is derecognised, modified or impaired.

Financial assets at fair value through other comprehensive income (debt instruments)

For debt instruments at fair value through other comprehensive income (FVOCI), profit income, foreign exchange revaluation and impairment losses or reversals are recognised in the income statement and computed in the same manner as for financial assets measured at amortised cost. The remaining fair value changes are recognised in OCI. Upon derecognition, the cumulative fair value change recognised in OCI is reclassified to the income statement.

3.1.2 Financial liabilities

3.1.2.1 Classification and measurement of financial liabilities

All financial liabilities are measured subsequently at amortised cost using the effective interest method or at fair value through profit or loss.

Financial liabilities are measured at amortised cost, unless they are required to be measured at fair value through profit or loss (such as instruments held for trading or derivatives) or the Fund has opted to measure them at fair value through profit or loss.

3.1.2.2 Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the income statement.

3.1.3 Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the statement of assets and liabilities if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

3.2 Cash and cash equivalents

Cash and cash equivalents comprise of bank balances and short term highly liquid investments with original maturity of three months or less which are readily convertible to known amounts of cash, are subject to an insignificant risk of changes in value.

3.3 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. Provisions, if any, are regularly reviewed and adjusted to reflect the current best estimate.

3.4 Taxation

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than ninety percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed to the unit holders as cash dividend.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

3.5 Dividend distribution and appropriations

Dividend distributions and appropriations are recorded in the period in which these are approved by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Regulation 63 of the NBFC Regulations requires the Fund to distribute 90% of the net accounting income other than capital gains to the unit holders.

Distributions declared subsequent to the year end / reporting date are considered as non-adjusting events and are recognised in the financial statements of the period in which such distributions are declared and approved by the Board of Directors of the Management Company.

3.6 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the distributors during business hours on that date. The offer price represents the net asset value per unit as of the close of the business day plus the allowable sales load and any provision for duties and charges, if applicable. The sales load is payable to investment facilitators, distributors and the Management Company.

Units redeemed are recorded at the redemption price, applicable to units for which the distributors receive redemption applications during business hours of that day. The redemption price represents the net asset value per unit as of the close of the business day less any back-end load, any duties, taxes, and charges on redemption, if applicable.

Element of income represents the difference between net assets value per unit on the issuance or redemption date, as the case may be, of units and the net assets value per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend net asset value of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

3.7 Net asset value per unit

The Net Asset Value (NAV) per unit as disclosed in the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in issue at the year end.

3.8 Revenue recognition

- Gain or loss on sale of investment is accounted for in the income statement in the period in which it arises.
- Unrealised gain / loss arising on revaluation of investments classified as 'at fair value through profit or loss' is included in the income statement in the period in which it arises.
- Income / profit from investments in sukuks and government securities, certificate of musharka and commercial paper is recognised on a time proportionate basis using effective interest rate method.
- Profit on bank balances is recognised on a time proportionate basis using bank's approved rates.

3.9 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company, Trustee fee and annual fee of the SECP are recognised in the income statement on an accrual basis.

3.10 Earnings per unit

Earnings per unit (EPU) has not been disclosed as in the opinion of the management, determination of weighted average units for calculating EPU is not practicable.

The Total Expense Ratio (TER) of the Fund for the year ended June 30, 2023 is 0.12% which includes 0.01% representing government levies on the Fund such as sales taxes, federal excise duties, annual fee to the SECP, etc.

16. TAXATION

The Fund's income is exempt from income tax as per clause (99) of part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income available for distribution for the year as reduced by accumulated losses capital gains whether realised or unrealised is distributed amongst the unit holders by way of cash dividend. Furthermore, as per regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulation, 2008, the Fund is required to distribute 90% of the net accounting income available for distribution other than capital gains to the unit holders in cash. The Fund is also exempt from the provision of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. The Fund has not recorded any tax liability in respect of income relating to the current year as the Management Company has distributed cash dividend subsequent to the year end (refer note 13) that is at least 90 percent of the Fund's accounting income for the year ended June 30, 2023 as reduced by capital gains (whether realized or unrealized) to its unit holders in the form of cash.

Security deposit	100

MCB Bank Limited - Parent of the Management Company

Bank balance 16.544

19. FAIR VALUE OF FINANCIAL INSTRUMENTS

IFRS 13 - 'Fair Value Measurement' establishes a single source of guidance under IFRS for all fair value measurements and disclosures about fair value measurement where such measurements are required as permitted by other IFRSs. It defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e. an exit price).

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the close of trading i.e. period end date. The estimated fair value of all other financial assets and financial liabilities is considered not significantly different from book value as these are short term in nature.

The following table shows financial instruments recognised at fair value, based on:

- Level 1: quoted prices in active markets for identical assets or liabilities;
- Level 2: those involving inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices); and
- Level 3: those with inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The following table show the carrying amount and fair values of financial assets and financial liabilities including the levels in the fair value hirearchy.

	June 30, 2023							
	Carrying amount			Fair value				
	Fair value through profit or loss	Amortised cost	Total	Level 1	Level 2	Level 3	Total

	-	3,681	3,681					

20. FINANCIAL RISK MANAGEMENT

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the constitutive documents of the Fund and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

20.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of the changes in market prices.

The Management Company manages market risk by monitoring exposure on marketable securities by following the internal risk management policies and investment guidelines approved by the Board and the regulations laid down by the SECP, the NBFC regulations and the NBFC rules.

Market risk comprises three types of risk: currency risk, profit rate risk and price risk.

20.1.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. At present, the Fund is not exposed to currency risk as all the transactions are carried out in Pakistan Rupees.

20.1.2 Profit rate risk

Profit rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market profit rates. As of June 30, 2023, the Fund is exposed to such risk on its balances held with banks. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

As of June 30, 2023, details of Fund's profit bearing financial instruments were as follows:

Variable rate instruments (financial asset)	Note	June 30, 2023 (Rupees in '000)
Balances with banks	4	3,921,785
		3,921,785
Fixed rate instruments (financial assets)		
Other Placements		340,000
		340,000

a) Sensitivity analysis for variable rate instruments

As at June 30, 2023, the Fund holds profit based balances with banks which expose the Fund to cash flow profit rate risk. In case of 100 basis points increase/decrease in applicable rates on the last repricing date with all other variables held constant, the net income / loss for the period and net assets of the Fund would have been higher/lower by Rs 39.38 million

b) Sensitivity analysis for fixed rate instruments

As at June 30, 2023, the Fund holds commercial papers which are fixed rate instruments, however these do not expose the Fund to fair value profit rate risk. In case of 100 basis points increase / decrease in rates announced by the Financial Market Association of Pakistan (FMAP) on June 30, 2023, the net income for the year and net assets would be lower / higher by Rs. 3.4 million

The composition of the Fund's investments may change over time. Accordingly, the sensitivity analysis prepared as at June 30, 2023 is not necessarily indicative of the impact on the Fund's net assets of future movements in profit rates.

Yield rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet financial instruments is based on settlement date.

		As at June 30, 2023						
		Exposed t	o yield risk					
Particulars	Effective yield / rate	Upto three months	More than three months and up to one year	More than one year	Not exposed to yield rate risk	Total		
	%			Rupees				
On-balance sheet financial instruments								
Financial assets								
Bank balances	15.5	3,921,785	-	-	-	3,921,785		
Investments					340,000	340,000

Payable to the Trustee		-	-	-	159	159		
Accrued expense and other liabilities					3,681	3,681		
Sub total		-	-	-	6,932	6,932		
On-balance sheet gap		3,921,785	-	-	398,987	4,320,772		
Total profit rate sensitivity gap		3,921,785	-	-	398,987	4,320,772		
Cumulative profit rate sensitivity gap	ı	3,921,785	3,921,785	3,921,785				

20.1.3 Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices (other than those arising from profit rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. Since the Fund is not allowed ot invest in equity securities, hence it is not exposed to equity price risk.

20.2 Credit risk

Credit risk represents the risk of loss if counterparties fail to perform as contracted. The Fund is exposed to counter party credit risks on investment in sukuk certificates, commercial paper, profit receivables, other receivables and balances with banks. The credit risk for Fund is limited because the counterparties are financial institutions with reasonably high credit ratings.

The Fund has adopted a policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults. This information is supplied by independent rating agencies, where available, and if not available, the Fund uses other publicly available financial information and its own trading records to rate its major customers. The Fund's exposure and the credit ratings of its counterparties are continuously monitored and the aggregate value of transactions concluded is spread amongst approved counterparties.

Credit risk from balances with banks and financial institutions is managed in accordance with the Fund's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. Counterparty credit limits are approved by the Board of Directors. The limits are set to minimise the concentration of risk and therefore mitigate financial loss through potential counterparty failure.

1079

The Fund's maximum exposure to credit risk is the carrying amounts of following financial assets.

	202	2023	
	Balance as per statement Ma of assets and ex liabilities		
	(Rupees in '000)		
Balances with banks	3,921,785	3,921,785	
Investment	340,000	340,000	
Profit receivable	56,725	56,725	
Other receivables	9,194	9,348	
	4,327,704	4,327,858	

The analysis below summaries the credit rating quality of the Fund's financial assets as at June 30, 2023.

Bank Balances by rating category

	2023		
Rating	(Rupees in '000)	%	
AAA	16,544	0.42	
AA	25,670	0.65	
AA	3,896,115	98.93	
	3,938,329	100	

Above ratings are on the basis of available ratings assigned by PACRA and VIS Credit Rating Company Limited as of June 30, 2023.

20.3 Liquidity risk

Liquidity risk is the risk that the Fund will encounter difficulty in meeting it's obligations arising from it's financial liabilities that are settled by delivering cash or other financial assets or that such obligations will have to be settled in a manner disadvantageous to the Funds. Liquidity risk also arises because of the possibility that the Fund could be required to pay its liabilities earlier than expected. The Fund is exposed to cash redemptions of its units on a regular basis. Units are redeemable at the holder's option based on the Fund's applicable redemption price calculated in accordance with the Fund's constitutive documents and guidelines laid down by the SECP.

Units of the Fund are redeemable on demand at the holder's option, however, the Fund does not anticipate significant redemption of units.

The table below analyses the Fund's financial assets and financial liabilities into relevant maturity groupings based on the remaining period at the statement of assets and liabilities date to the contractual maturity date. The amounts in the table are the contractual undiscounted cash flows.

2023	Within 1 month	Over 1 to 3 months	Over 3 to 12 months	Over 1 to 5 years	More than 5 years	Total

24. UNIT HOLDERS' FUND RISK MANAGEMENT

The Fund's capital is represented by redeemable units. The Fund is required by the NBFC Regulations, to maintain a minimum fund size of Rs.100 million, to be maintained all the time during the life of the scheme. The units issued by the Fund provides an investor with the right to require redemption for cash at a value proportionate to the unit holder's share in the Fund's net assets at the redemption date.

The Fund's objective in managing the unit holders' fund is to ensure a stable base to maximise returns to all investors and to manage liquidity risk arising from redemption. In accordance with the risk management policies, the Fund endeavors to invest the subscriptions received in appropriate investments while maintaining sufficient liquidity to meet redemption, such liquidity being augmented by disposal of investments.

25. DATE OF AUTHORISATION FOR ISSUE
